Message

I am happy to know that Navjyoti Manovikas Kendra, Jodhpur is bringing out a "Smarika" to make the silver jubilee year of the Institution.

Completion of 25 years of an Institution is an occasion of happiness. It gives an opportunity to introspect the past achievements and at the same time enables to look for future prospects. I am sure that the Institution would continue to move ahead with its objectives and programmes related to education, rehabilitation and therapeutic treatment of disabled children.

I hope that the Smarika being brought out on this occasion will carry valuable information about the progress and achievements of the Institution.

I wish the best for the success of the publication.

Message From Disability Commissioner

I wish to place on record my sincere appreciation for the noble work which is being carried on by Navjyoti Manovikas Kendra Jodhpur for children/persons with development and intellectual disabilities. I remember having visited the institution myself as the Chief Commissioner for Persons with Disabilities, Govt. of India sometime back. I was profoundly impressed by the dedication and commitment of the functionaries and office bearers of the Institution. It goes without saying that the good work done by institutions of this ilk have not only highlighted the abilities of such persons but have also contributed immensely in inspiring and motivating the Govt. in taking steps for incorporating more progressive perspectives in its laws and policies for this segment of our population and the elaborate provisions of the RPD Bill are a case in point.

I wish to offer my warm and sincere felicitations to the office bearers, functionaries, and trainees/ students of this great institution on the occasion of the annual day celebrations of the Navjyoti Manovikas Kendra. I also wish to express the confidence that the Kendra will continue to blaze new and progressive trails in the field of work for persons with intellectual and developmental disabilities.

Best regards.

Prasanna Kumar Pincha

Former Chief Commissioner for Persons with Disabilities, Govt. of India, New Delhi.

MESSAGE

The Navjyoti Manovikas Kendra established way back in 1988 to provide equal opportunities to the differentially abled persons, patients of Cerebral Palsy, Autism and multiple disabilities. Its aim was to rehabilitate such persons and include them into the mainstream...an objective the Institution has achieved as was evident when the Rajasthan Govt. declared it as the best Institution of the State in 1997.

The credit for this goes to the Management and staff of the Kendra. The children are well-looked after and are taught various vocational skills which make them self-dependant in life.

My best wishes to the entire family at Navjyoti Manovikas Kendra and wishing them continued success in all their endeavours.

From the Pen of Chairman...

This institute was started by me along with my colleague Dr. Patwardhan in a rented room in the year 1988 with two children. I never anticipated that this small plant will become such a big tree. It was our dedication and affection for these children which is probably the most tedious & challenging disability among all the four disabilities that is Visual Impairment, Hearing Impairment, & Locomotor Impairment. Inspite of being most difficult & challenging task, due to constant co-operation & their consistent Endeavour to carry it to the "Wuthering heights" and to bring it out as one of the best institute, not only in Jodhpur but in entire Rajasthan. People behind this journey are- Dr. Nirmala, Dr. Patwardhan, Shri C.P. Sancheti, Shri G.C. Bhandari, Shri D.M. Kumbhat, Members of Parliament- Late Dr. L.M. Singhvi, Shri Narain Singhvi Manak Lav, Late Shri Jaswant Singh Ji Vishnoi, Housing Board Chairman Late Shri Mansingh Deora, and our rehab Professional MS. K. Gaur.

I feel proud that Navjyoti has achieved great heights and expansion in the last two decades. Today it is one of the best Institute in Rajasthan having its own building and it has been declared one of the best institution in the state number of times. I am sure, the combined efforts of me and my colleagues will bring this institute to the highest excellence of performance.

Thoughts

In My Thoughts

Dear Partners in Service,

Navjyoti celebrates its Silver Jubilee of unconditional service to the special children. Entering the 26th year with this issue of "Smarika", we look back and reminiscence its beginning with two children in a small room under the leadership of our Chairman Shri G.M. Singhvi. We have since come a long way into a fully equipped & modern building catering to educational & vocational guidance of the differentlyabled children.

I look back to my association & journey through Navjyoti School with lot of satisfaction. The school seems like temple of God with Angels in the form of students who are heavens special children. With look of innocence on their faces they take infinite joy in small things. They are not burdened as we are with strife & conflicts of a more complicated life. We need to learn a lot of from these children. They are not subjects of pity. Instead they give us opportunities. Opportunities to discover the path of our character, the depth of our love, commitment & patience.

I must salute staff & teachers of Navjyoti for their dedication & patience for bringing hope & happiness in life of the special children. I also thank our Partners in Service for their faith, trust & support reposed in us and for their continued guidance from time to time.

I put on end to my thought with a quote.

*Nobody sings up to have a child with special needs,
Then you realize that this is a gift-this child is the light.
And if you can nourish that light and let it shine,
You have an opportunity to get closer to god and that's grace.*
